

Architectural Designer

We are looking to fill an immediate full-time position for a creative and self-motivated Architectural Designer to complement our growing team.

YOUR ROLE

Contribute as a team member in support of the Architect, Managing Partner, and Senior Project Managers. Bring hand sketches to 3D to communicate design concepts including modeling and rendering sites, buildings and exterior components. Prepare presentation graphics and drawings for proposals/ marketing. Assist in the drawing and assembling of comprehensive construction drawing packages.

EDUCATION REQUIREMENTS

A bachelor's degree from a 4+ year university architectural program or a diploma from a 3+ year college architectural program.

2 years minimum full-time architectural office work experience.

SOFTWARE REQUIREMENTS

AutoCAD & Revit
SketchUp & Rendering Software
Adobe Acrobat & Photoshop
Microsoft Office Suite

OFFICE CULTURE

At ADA we offer a fast paced, collaborative working environment and a variety of projects to expand your growth and knowledge within the design world. In our commitment to design excellence, we encourage our employee's professional development and offer reimbursement incentives for eligible accreditations. Our employees are provided with excellent benefits, annual bonus opportunities, contributions to group RRSP, paid holidays and time off.

APPLICATIONS

Applicants should submit a PDF of their resume by e-mail to the below address indicating the position they are applying for in the subject line. Please no phone calls or drop-ins.
